Return of Title IV Financial Aid

Students who receive financial assistance from Title IV Programs (Federal Pell Grant, Direct loans, PLUS loans) and withdraw from school prior to completing more than 60% of the scheduled hours in the payment period are subject to the Return of Title IV Funds requirements of the U.S. Department of Education. Please note: The Last Date of Attendance (LDA) will be used in the below calculation. The Date of School Determination (DOD) must be no later than 14 calendar days from the LDA. The school will then notify the student within 30 days of the DOD and make any required refunds no later than 45 days from the DOD. If a student does not return from an approved Leave of Absence (LOA) the DOD will be the date the student was scheduled to return from the LOA. The school calculates R2T4 on a payment period basis.

The Return of Title IV Funds procedure is as follows:

1. Determine the percentage of the payment period completed. To determine the percentage, divide the clock hours scheduled to have been completed as of the withdrawal date (last date of attendance) in the payment period by the total clock hours in the payment period.

2. Compare the amount earned to the amount disbursed. If less aid was disbursed than was earned, the student may receive a post withdrawal disbursement for the difference. If more aid was disbursed than was earned, the difference is refunded back to Title IV programs.

3. Allocate responsibility for returning unearned aid between the school and the student. Students who receive living expenses would be responsible for repayment of any unearned aid. If the student's share of the unearned funds that must be returned are attributed to a Title IV Loan program, then repayment will still be based under the terms and conditions of the promissory note. If the student's share of the unearned funds that must be returned are attributed to a Title IV Grant Program, the initial amount to return will be reduced by 50%.

4. Distribute the unearned aid of the payment period back to the Title IV Programs.

5. Disburse any previously earned credit balance to the student as soon as possible but within 14 days.

6. Students may have a balance with the school after the R2T4 calculation is completed.

Refunds at this School will be returned in the following order:

1. Federal Direct Subsidized Loan
2. Federal Direct Unsubsidized Loan
3. Federal Direct PLUS Loan
4. Federal Pell Grant Program

Refunds less than \$1.00 will not be made to Title IV Programs.

Please be advised that this is only the Return to Title IV refund. Once the School determines the amount of Title IV aid that the School may retain, the institution will then calculate the institutional/state/ accrediting agency's refund policy.

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some, or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct loan funds that you would have received had you remained enrolled past the 30th day.

Return to Title IV Funds Example

On March 19, 2014 Mary has been absent for 14 consecutive calendar days without notification to the school. Her school director determines at this point that Mary needs to be terminated from her program for non-attendance. Her last day of attendance was March 5 and as of this day Mary had 250 scheduled hours available to her to attend school. Even though she may only have actually attended 150 hours she was scheduled for 250 and this is the number of hours that will be used for the Return to Title IV calculation. The school charges the total tuition, books kit and fees for the program up front. At her school the total cost of the program is \$13,750.00 (Tuition: \$12,750.00, Books and Kit: \$790.00, Uniforms \$90.00, Student Permit Fee: \$20.00 and Registration Fee: \$100.00)

The school has received the first disbursements of a Pell Grant in the amount of \$2,865, a Subsidized Direct Loan for \$1,732.00 and an Unsubsidized Direct Loan for \$2,969.00 for the first 450 hours towards Mary's tuition, kit, books and fees for a total of \$7,566.00. Since the percentage allowed to be retained is calculated by dividing the scheduled hours completed in the current payment period by the scheduled hours available in the payment period as of the official withdrawal date or last date of attendance, the school takes the 250 scheduled hours in the payment period as of the last date of attendance divided by the 450 scheduled hours in the entire payment period which equals .556%. This is the percentage of the total amount of aid received that can be retained ($\$7,566.00 \times .556 =$

$\$4,206.70$) In the event that the scheduled hours completed in the payment period had been greater than 60% of the 450 scheduled hours for the payment period, then the total amount received could have been retained however it was not and so only the prorated amount of \$4,206.70 could be retained. This leaves a balance of \$3,359.30 which must be returned or refunded to the FSA programs. The school will now go through a process of determining how much of the \$3,359.30 must be returned by the school and how much the student is responsible for. For this they will need to determine the greater of the two amounts of: a) the prorated amount of all institutional charges or: b) the amount the school retained to pay allowable institutional charges for the current payment period. First the school will take the total contracted amount for tuition, books, kit and fees which equals

\$13,750.00 and divide it by the hours in the program to determine an hourly prorated amount ($\$13,750.00/1500 = \9.17) Now it will multiply the hourly proration \times the 450 hours in the payment period which $= \$4126.50$ rounded up to \$4127.00 The greater of the two is the amount of Title IV that was retained for the payment period (\$7,566.00). This is the amount that will be used as total institutional charges in Step 5 of the R2T4 calculation. This amount will then be multiplied by the .444 % of unearned Title IV aid. In this case study the entire amount of unearned aid (\$3,359.30) must be refunded by the school and the student is not obligated to do anything except to pay back the remaining loan amounts after all refunds have been made.

Again, keep in mind that the school will also calculate their Institutional Refund Policy to determine how much they are entitled to charge the student for the time they were in school. This is a separate calculation and it may be determined that the Title IV retainable is not sufficient to cover the school's charges and consequently the student may still owe the school an additional sum of money which will need to be paid in addition to the Title IV Funds.

Attendance Policy

- The course length is 900 clock hours for Barber students, 1500 clock hours for Barber-Stylist students, and 900 clock hours for Instructor students.
- It is understood that the Barber course length that is being paid for is 900 scheduled hours. The Barber-Stylist course length that is being paid for is 1500 scheduled hours and the Instructor program that is being paid for is 900 scheduled hours.

All students must wait 30 days before reapplying. There is a re-admittance fee of \$150.00 that needs to be paid before a student is allowed to be clocked in again and receive hours. The re-admittance fee must be paid to the Financial Aid Director.

Leave of Absences Policy

- Leave of absences (LOA) must be submitted in advance in writing, include the reason for the request, and include the student's signature.
- Leave of absences (LOA) may be requested when a student is facing a hardship. Examples include, but are not limited to illness, family problems, pregnancy and mental health issues. An LOA request form may be obtained from the Student Services Director.
- LOA needs to be applied for in advance unless unforeseen circumstances prevent the student from doing so. IE. If a student were injured in a car accident and needed a few weeks to recover before returning to school, the student would not have been able to request the LOA in advance. At this time administrations may grant the LOA, document the reason and collect the documentation from the student at a later date.
- A decision will be made to accept/deny requested LOA's within 10 days by the Financial Aid Director, Student Service Director and/or CEO.
- Administration may request documentation at any time during their approval process.
- Should an LOA be granted the date of leave will begin on the first date the student is not in attendance.
- A student will not be granted a LOA if the LOA, together with any additional LOA's previously granted, exceeds a total of 180 calendar days in any 12-month period.
- If an LOA must be extended, the student must notify the Financial Aid Director in writing before the LOA's expiration date. Documentation may be requested for the extension.
- There must be a reasonable expectation that the student will return from the LOA.

- A student granted and LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.
- Financial obligations must continue to be paid through LOA, but no additional instructional charges will be charged.
- LOA will extend the contracted graduation date and maximum time frame by the same number of calendar days taken in the LOA. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.
- When a student is on an approved LOA, and notifies the school that they will not be returning, the date of withdrawal for the purpose of calculating a refund, will be the students last date of attendance.
- A student will be withdrawn if he/she takes an unapproved LOA.
- All refund will be calculated based off the students last day attended.

Monday, Thursday and Friday Attendance

- There are no late come/early leaves on Monday's or Friday's.
- Any late comes/early leaves may result in a one-day suspension with a \$20 fee.

All evaluations must be completed within seven (7) school business days following the established evaluation periods.

*Transfer hours from another institution that are accepted toward the student's education program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Monthly progress reports will also be issued to comply with Idaho State Laws. This will be an overview of the student's attendance and grades during that month. Reports will be given the first week of each month.

Students are required to maintain satisfactory progress throughout their training to be in compliance with instructional policy and remain eligible for, Title IV federal student financial assistance.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Attendance Progressive Evaluations

Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame

The maximum time (which does not exceed 133% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Course	Maximum Time Allowed	
	Weeks	Scheduled Hours
Barber (Full time, 37.5 hrs/wk) - 900 Hours Barber	32 Weeks	1197
(Part time, 30 hrs/wk) – 900 Hours	40 Weeks	1197
Barber-Stylist (Full time, 37.5 hrs/wk) – 1500 Hours	54 Weeks	1995
Barber-Stylist (Part time, 30 hrs/wk) – 1500 Hours	67 Weeks	1995
Instructor (Full Time, 37.5 hrs/wk) -900 Hours	32 Weeks	1197
Instructor (Part Time, 30 hrs/wk) -900 Hours	40 Weeks	1197

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 75% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical

assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90 - 100	A - Excellent
75-89	B - Satisfactory
74 and Below	F - Failing

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Noncredit, Remedial Courses, Repetitions

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Access to Official Transcript

Students have the right to obtain their official school transcript once all monies are paid in full to the school by making a written request to the Director of the school with proper Identification.

Access to Records and Right to Privacy

Students have the right to inspect their school records by making a written request two days prior to the review with a statement defining purpose. The security of all student and staff records and information is protected in multiple different ways. All physical records are kept in a locked vault with a key only held by administration and never given to any unauthorized person. All electronic records and information are password protected, and monitored by independent 3rd parties. A risk assessment is completed and any action needed is taken weekly. Designated members of administration are fully trained in records policies, privacies and practices. Student's records will be reviewed with an authorized school representative. Students or guardians of dependent minors may refuse the release of "directory information" including name, address, telephone, date and place of birth, major field of study, dates of attendance, degrees, awards, and date of graduation, previous school attended and/or date of graduation from previous school. All student records are kept confidential from third parties and only released upon written authorization of the student or guardians of a dependent minor, with the following exceptions:

Boise Barber College a d.Martin Academy Policies and Procedures

Sanitation and Safety

By following the safety precautions you contribute to the health, welfare and state of your community. The following precautions should be taken with each client.

- All instruments including all implements must be cleaned and sanitized after each use and prior to storage with a sanitizing agent registered with the EPA as hospital grade or better.
- Linens must be changed after each client. Towels may only be used once.
- Keep any and all chemicals or product away from eyes. In case of contact with chemicals, thoroughly rinse eyes with cold water.
- Hand washing is required before and after each service is performed.
- Remember anything containing chemically active ingredients must be used carefully to avoid injury to you and your client.
- Ask client to remove any jewelry, hair accessories, glasses etc. and place into their care.
- A sanitation assignment is to be completed each day by each student and signed off by an instructor. Everyone working together and cleaning up as we go keeps the school looking great.
- Take a “buddy” with you to dispose of all trash and while walking out to your car. Safety first!
- Any spills in treatment rooms or classrooms must be wiped up immediately after each service to avoid slipping or falling.

Practical Principles

- Students who are tardy for **any** class or floor assignment will be given a late come.
- Students must not be more than two tests behind and must not be behind on their practical worksheets.
- Students not working on a client are personally responsible to stay busy in either practice or theory. If a student falls within satisfactory progress (not being more than two tests behind

- and on the current months' worksheet and within the parameters of acceptable attendance) a personal service may be received by the student after all considerations are made for all the clients currently within the school or any client that might walk in for a service.
- The front desk must take ALL appointments. Students may make no changes to their book or clients. Students must accept all appointments given to them. A refusal of a client will result in an immediate, automatic one day suspension.
 - Students are not allowed to perform any service on a client or a fellow student without a service ticket.
 - The client release cards must be completed and signed before every service, every time.
 - You must receive a consultation for every service you perform, including personals. An instructor verifying that an appropriate and correct consultation has been performed must sign the ticket.
 - You will not be able to receive product from dispense without a signature from an instructor verifying that the consultation has been completed and checked off.
 - If you need additional application of product, consult a staff member and your ticket will be signed and additional charges will be added to the clients total for their service
 - An instructor must check off all practical work, and the ticket must be signed before the front desk will allow the client to pay. After the final check is made on the service, only the instructor who did the final check will check off the student's monthly grid/worksheet, and only on the day the service took place.
 - Failure to have either the initial consultation or the final check will result in disciplinary action.

Student Services (Personals)

- Clients ALWAYS come first! Getting personals is a privilege. Even if you have booked out for a personal, if the front desk needs you to take a client, you are pulled off your personal and you will take the client. All efforts will be made prior to that happening, but failure to take the client would result in disciplinary action.
- A personal service is any service done to you on the school premises whether you are clocked in or not. Exception to the rule would be if you came in to get your hair done while on leave. If you are on a suspension from school you may not come in and receive a personal.
- Front Desk personnel will schedule services for students only when checked against the personals list (those who are in good academic standing) and given approval by the floor instructor. All personals must be scheduled with the Front Desk.
- Students may not give or receive personals on Friday or while on suspension. Even when you are graduated and get to come back to enjoy services at student price, you may not come in on Friday.
- No personal can be done without a final check from the floor instructor.
- Students receive personal services for cost of product.
- Students may not bring in product from home to use in a personal.
- If a student is in poor standing with Boise Barber College a d.Martin Academy they need to pay client prices for services.
- Personals must be paid for on the same day that they are performed.
- Failure to pay for the said service or schedule an appointment on the day it is given/received will result in the students (client and stylist) being suspended from personals for 30 calendar days.
